

# Student Learning History

At the completion of their program, all Disney College & International participants may request a learning history summary like the one below. It includes all mandatory training (OJT), education courses, online courses, Disney University activities, and other learning activities they attended during their program.

Many schools use these training summaries as co-curricular transcripts. Your students can request these from the Education Office upon the completion of their program.

Employee #: 123456 Name: Student, Sally A.

\* Grades earned for *Collegiate/ACE Courses* will be on a 100-point scale; no letter grades are given. A grade of 70 or above indicates a passing grade by the American Council on Education's standards and participant is eligible to receive an ACE transcript.

\* Grade earned for a *Professional Development Studies* or *Disney Exploration Series* course will be on a 100-point scale; no letter grades are given. This grade represents the attendance for the participant (if Course Completed). Each class is weighted as 1/8 or .125 points; students who have perfect attendance will show 100; those that have missed one class will have a grade of 88; etc.
